

# LEGISLATIVE COMMITTEE TEAMS SIGN-UP SHEET

Can you help with the Association's legislative effort by serving on one of our Legislative Committee Teams? This year, instead of holding set county days during the session, the Association staff is looking for volunteers willing to be "on call" to contact members of designated legislative committees about important county issues scheduled to be considered by the committee. This will involve phone calls and e-mails to legislative committee members from your area – and in some instances, may require trips to Montgomery on short notice for committee meetings. This personal contact from "the folks back home" makes a big impact on legislators considering all sides of an issue.

## **YOUR PARTICIPATION WILL MAKE A DIFFERENCE.**

Check out the designated committees on the attached sheets and if you have legislators on any of these committees please sign up to join the team helping with this important effort.
