

**BID SPECIFICATIONS
FOR
ASPHALT MILLING ATTACHMENT OPTION B
AZ 500-B173
\$108,990.00 TIER 3**

GENERAL

These specifications shall be construed as the minimum acceptable standards for a diesel powered portable asphalt milling-recycling attachment, which attaches to the front of a backhoe/loader, and shall be complete with a trailer specifically designed to transport the unit from one job to the next. Should the manufacturer's current published data or specifications exceed these standards, the manufacturer's standards shall be considered minimum and shall be furnished. All integral parts not specifically mentioned in the scope of these specifications that are necessary to provide a complete working unit shall be furnished. Additionally, the machine offered for bid shall include all standard manufacturer's equipment. The portable asphalt milling-recycling attachment must be a new current production model and must meet all current EPA and other Federal standards.

The use of specific names and numbers in the specifications is not intended to restrict the bidder or any seller or manufacturer, but is intended solely for the purpose of indicating the type, size and quality of equipment considered best adapted to the uses of counties participating in this joint bid.

BID SUBMITTAL FORM

Each bidder must submit his or her bid on the Bid Submittal Form included in the invitation to bid package. All written warranties to be submitted shall be attached to the Bid Submittal Form.

BID PRICE

The price bid shall include all destination charges, delivery charges, title fees, rebates, and all other applicable costs and refunds.

MANUALS

Each unit shall be provided with one (1) copy of the operator's manual and one (1) copy of the owner's manual. Units will not be accepted for delivery until the manuals as outlined above are received by the purchaser.

WARRANTY

Units purchased under this specification shall be warranted against defects in materials and workmanship for a period of not less than six (6) months or 200 hours, whichever occurs first, from date of delivery to customer. Items thought to be defective will be returned to factory prepaid to be repaired or replaced.

ENGINE

Water cooled, six (6) cylinder tier 3 turbo diesel developing 172 hp at rated RPM.

YES	NO
PG # _____	
Attachment _____	

Shall be equipped with 12-volt electrical system including starter, battery, wiring harness, and alternator.

YES	NO
PG # _____	

Shall be equipped with engine manufacturer's approved air cleaner, oil, and fuel filters, exhaust system, and all necessary gauges/ meters and equipment for operation.

YES	NO
PG #	

CONTROL BOX

Shall be remote type, which can be in the cab of the loader to allow the operator to monitor engine functions and turn off the machine without leaving the cab.

YES	NO
PG #	

Shall include throttle control and a down pressure gauge.

YES	NO
PG #	

CUTTER HEAD ASSEMBLY

Assembly shall be securely attached to the machine's main frame, enclosed by heavy-duty cowling.

YES	NO
PG #	

Shall be equipped with a hydraulic top opening hatch to allow inspection and maintenance of the cutter head.

YES	NO
PG #	

Maximum cutting depth of approximately 12" (twelve inches).

YES	NO
PG #	

Shall have a standard cutting width of 48" (forty-eight inches).

YES	NO
PG #	

Shall have a minimum of 130 snap-in bits with washers mounted individual blocks.

YES	NO
PG #	

The cutter head and housing shall be designed so that only pulverized materials leave the cutter head assembly.

YES	NO
PG #	

CUTTER HEAD DRIVE

The power from the engine shall be transmitted to the cutter head through a power take-off system and V-belts to a planetary reduction gearbox at the cutter head.

YES	NO
PG #	

HYDRAULIC SYSTEM

The unit shall be equipped with a hydraulic system consisting of an auxillary drive unit, hydraulic pump, reservoir, filter, lines, and cylinders to actuate and control depth of cut.

YES	NO
PG #	

SPRAY DELIVERY SYSTEM

The unit shall have an integrated spray system to deliver water to the cutting head to cool bits and control dust.

YES	NO
PG #	

MOUNTING SYSTEM

Unit shall be designed and recommended by the manufacturer to attach to the front bucket of loader with a minimum 2.5 cubic yard bucket.

YES	NO
PG #	

Shall have hydraulically actuated pressure bucket locking system.

YES	NO
PG #	

Attachment system shall allow the loader to load and unload the machine from its transport trailer.

YES	NO
PG #	

All necessary parts and accessories required for attachment to the backhoe/loader shall be furnished.

YES	NO
PG #	

TRAILER

Shall be heavy-duty (12,000-lb. minimum) tandem axle trailer specifically designed by the manufacturer for transporting the asphalt milling /recycling machine.

YES	NO
PG #	

Trailer shall meet or exceed Federal and State DOT standards.

YES	NO
PG #	

WEIGHT

Milling/ recycling machine (without trailer) shall have a maximum weight of 8,400 pounds.

YES	NO
PG #	

ADDITIONAL EQUIPMENT

Three tools for changing cutter bits and one set of extra carbide tipped bits shall be provided. Two safety chains with latching hooks shall be included.

YES	NO
PG #	

TRAINING

The successful bidder shall furnish qualified personnel to instruct operators and service technicians on operation and maintenance of units purchased under this specification. Up to two hours of training in the correct use and maintenance of the machine will be given at time of delivery.

ASSEMBLY

Unit shall be assembled, adjusted, and made ready for continuous operation at time of delivery. All necessary parts, accessories, and tools for efficient operation of this unit shall be furnished whether or not they are specifically mentioned in this specification, including standard equipment as regularly furnished by the manufacturer, unless specifically excluded by this specification.

OPTIONS

There are no options included for this bid item.

NOTE: Award will be made on the basis of the total cost of the machine with all options included. However, a county may, at its discretion, deduct one or more of the above-referenced options from the machine, and in such event, the cost of the option as stated on the bid shall be deducted from the total cost of the machine. There shall be no other deductions and no additions made to the machine by the purchasing county or by the vendor.

COUNTY JOINT BID PROGRAM PURCHASE PROCEDURES

Effective January 1, 2008

All purchases by counties pursuant to the County Joint Bid Program shall be made by (1) mailing or faxing the appropriate Purchase Order to the vendor who has been awarded the contract for the item to be ordered and (2) faxing a copy of the Purchase Order to the Association of County Commissions of Alabama (ACCA) office at 334-263-7678. Purchase Order Forms and all necessary information regarding the vendor and items available can be obtained at the ACCA website (www.alabamacounties.org).

Each purchase order shall be signed by the person authorized by the county to sign and shall include the County Joint Bid Program Item Number. A copy of the form submitted shall be retained by the county.

The county shall deal directly with the company representative for the vendor in making purchases under this program. The vendor shall complete all orders in compliance with its agreement under the program, and shall deal directly with each county in processing and completing their orders and in complying with service and warranty requirements. Road sign vendors should keep in mind that they are required to deliver all items to the location identified by the county ordering them within thirty (30) calendar days from the date of order, and the cost of any items not delivered within this time period will be reduced in price by 10%.

It is important to remember that under Code of Alabama 1975, § 41-16-50(b), all purchases made pursuant to this program shall be subject to the terms and conditions of Alabama's Competitive Bid Law. Therefore, counties are only authorized to purchase the specific items awarded under the program according to the bid specifications and must comply with these procedures in placing all orders.

There can be no deletions or additions to items purchased under this program, except as specifically provided for in the bid specifications. Optional equipment authorized under the bid specifications on certain heavy equipment orders may be deleted by the county at the time of purchase, and in that event, the cost of that item as provided by the vendor shall be deducted from the total cost of the item.
