The Association of County Commissions of Alabama's  
Corporate **PARTNER** Program

## \$500

### Interested in doing business with county governments in Alabama?

The Association of County Commissions of Alabama represents Alabama's 67 counties and their elected officials and employees. Our **PARTNER Program** is your ticket to access and opportunity at the grassroots level.

While Alabama counties serve those who live within their borders, we at the ACCA understand counties can't effectively serve without the products and services you and other **PARTNERS** provide. We also understand your need for product and brand recognition.

As an ACCA **PARTNER**, your organization will be a key participant in the Association's many activities on behalf of effective county government in Alabama. You will have increased opportunities to network with local officials from across the state and position your company, services or products before them. You will have a steady stream of ideas and information to help you market your business to county elected officials more profitably.

The Association's mission is to serve Alabama counties. Our **PARTNER Program** helps counties identify businesses that support county government in Alabama through direct participation in Association programs and events.

We invite you to participate in our **PARTNER Program** and create winning relationships with Alabama county officials vital to **YOUR** success in the county marketplace.

\*Partner participation does not constitute an ACCA endorsement but does serve as an acknowledgement of the **PARTNER's** support of county government in Alabama.
