**To:** Undisclosed recipients;

**Subject:** **Funding Opportunities from the ADECA Energy Division - Notice of Intent**

Within the next two months, the ADECA Energy Division plans to issue Requests for Proposals for the coming year's grant programs. Be on the lookout for a funding announcement via email and on ADECA's website with more information about the following programs:

**Energy Codes Training**

Grant funding provided to qualified applicants to provide training on the statewide commercial and residential energy codes. The ADECA Energy Division anticipates awarding one grant for \$35,000.

**Energy-Efficient Retrofits of K-12 Schools**

Grant funding provided to K-12 public school systems in Alabama for the purchase and installation of energy-efficient improvements in their buildings. The ADECA Energy Division anticipates awarding four to five grants at \$15,000 each.

**Energy-Efficient Retrofits of Local Governments**

Grant funding provided to local governments in Alabama for the purchase and installation of energy-efficient improvements in publicly accessible, community-oriented buildings. The ADECA Energy Division anticipates awarding four to five grants at \$15,000 each.

*At this time, we cannot provide information on eligibility or details of the programs. We simply want to make interested parties aware of our grant programs for the coming year. Specific details will be included in the Requests for Proposals when issued. Grant programs are dependent upon funding received from the U.S. Department of Energy, and funding levels are subject to change.*

For more information on other programs offered by the ADECA Energy Division, visit our website [www.adeca.alabama.gov/energy](http://www.adeca.alabama.gov/energy). You may also benefit from one of the following programs administered by our office:
