# ACCA Final Legislative Report: 2016 Legislative Session

**Tuesday, May 31, 2016** 

The Association of County Commissions of Alabama (ACCA) has once again had a very productive legislative year. Nine bills and one resolution identified as ACCA bills have now become law. Many more bills that could have negatively impacted county government failed to pass before the legislative session came to an end. And with the help of county officials and employees, the ACCA staff was able to amend several dozen bills to benefit counties in small and significant ways.

The Legislature worked at a furious pace this session, leading to final adjournment in early May. However, Governor Bentley has hinted at the possibility of a special legislative session in the coming months. Clearly, the Governor's proposed prison bond issue as well as Medicaid would be the focus, but several other bills are also likely to come back up if a special session is called.

The attached report references all the laws enacted this session that could impact the operation of county government, including local bills. In the coming days, the Association staff will provide a separate report outlining those bills that failed this session, but are expected to come back up in the future. Additionally, the ACCA staff will continue to keep county officials and employees updated about a special session and any bills that might be brought back up that could impact county government.

In the meantime, please take a moment to review the Association's Final Legislative Report of the 2016 Regular Session, which is divided into three sections:

- 1) ACCA Bills Enacted Law (page 2)
- 2) New Laws Impacting Counties (page 4)
- 3) Newly Enacted Local Laws (page 11)

The Association staff thanks all county officials, employees, and affiliate organization members that participated in this year's legislative advocacy efforts. Please don't hesitate to contact a member of the staff with any questions about the contents of this report.

## **ACCA BILLS ENACTED AS LAW**

#### SIMPLIFIED SELLERS USE TAX REMITTANCE ACT

Act 2016-110 by Sen. Pittman and Rep. Scott

This act amends the Simplified Sellers Use Tax Remittance Act to allow an out-of-state company that participates in the Simplified Use Tax Remittance Program to continue participating if it establishes a physical location in Alabama as long as the in-state business is not established for the purpose of making in-state retail sales and does not sell retail items from the location. The Department of Revenue anticipates this change will attract new program participants that currently have no legal obligation to collect and remit state or local sales or use tax on sales made into the state. Signed into law on April 4, 2016. Effective immediately.

#### RETIRING DEPARTMENT HEADS

Act 2016-128 by Sen. Reed and Rep. Ainsworth

The old ethics law prohibited a retiring department head from contracting with his or her former employer for a period of two years after he or she left employment. This would have significantly hampered counties during the period of transition since the expertise of the retiring person would have significantly aided in training his or her replacement. Under this act, retiring department heads can now temporarily contract with their former employer to provide transitional assistance for a limited time. **Signed into law April 11, 2016. Effective immediately.** 

#### APPOINTING OUTSIDE COUNSEL FOR LITIGATION OF PROPERTY TAX CASES

Act 2016-127 by Sen. Williams and Rep. Lee

In the past, the local district attorney was required to handle all ad valorem tax cases within their respective circuit. Due to the need for specialized counsel with expertise in certain ad valorem tax cases, the newly passed law allows the county commission to contract with outside counsel in property tax appeals and to appropriate funds for that representation to be paid from the county's reappraisal budget. The law will also allow for self-insurance liability funds (the ACCA Self-Insured Liability Fund) to provide a premium for coverage of these cases. Signed into law April 12, 2016. Effective October 1, 2016.

#### **ALABAMA TRANSPORTATION SAFETY FUND**

Act 2016-150 by Sen. Dial

This measure establishes a separate fund, distribution methodology and expenditure requirements for any additional road and bridge funds that are passed by the Legislature during the next two years. The measure is designed to ensure transparency in the expenditure of the funds and to provide the Legislature comfort in supporting additional revenue. Signed into law April 26, 2016. Effective immediately.

#### **JOINT RESOLUTION: COST OF HOUSING JUVENILES**

Act 2016-164 by Sen. Williams

The state's juvenile justice system is costly, inefficient and unfortunately in many instances, ineffective. This legislatively-created study commission will review Alabama's juvenile justice system and make recommendations for changes that ensure adequate funding and administration of juvenile care, detention, and custody. Through participation in this commission, counties will advocate for a juvenile justice system that includes state and municipal participation and properly limits the county's role in the care and detention of juveniles held pursuant to state or municipal laws or programs. Signed into law April 26, 2016. The commission will have its first meeting no later than September 1, 2016.

## **PROTECTING COUNTY FIET MONIES**

Act 2016-280 by Rep. Blackshear

In an effort to ensure that counties do not inadvertently lose county revenues from any new credits of the financial institutions excise tax, this act prohibits any future FIET tax credits from being applied to the county-distributed portion of this state tax. Several bills are introduced each year to allow certain businesses a tax credit against income or financial institutions excise taxes, and with passage of this legislation county revenues are now protected from being reduced as a result. Signed into law May 10, 2016. Effective immediately.

#### **COOPERATIVE PURCHASING FOR SERVICES**

Act 2016-298 by Rep. Patterson

This bill was originally drafted to allow boards of education to purchase items requiring service agreements through U.S. Communities and other government purchasing cooperatives. It was amended in the Senate Governmental Affairs Committee to include counties. As a result of this act, counties may now use U.S. Communities and other approved cooperatives for the purchase of items that come with a service agreement – such as a copier or printer. Signed into law May 10, 2016. Effective immediately.

#### **OMNIBUS PAY ACT**

Act 2016-335 by Rep. McMillan

In an effort to simplify the process and availability for granting increases to local elected officials under the Omnibus Pay Act, this legislation removes the limitation that local elected officials only receive increases granted at the time the county budget is adopted and limits increases to any uniform cost of living adjustments granted to all county employees. It is the belief of the Association that this legislation will help to alleviate confusion and controversy related to proper application of this important law. Signed into law May 11, 2016. Effective on August 1, 2016.

#### POLICE JURISDICTION REFORM

Act 2016-391 by Sen. Cam Ward

As passed by the Legislature, this act requires the affirmative vote of a municipality to extend the police jurisdiction following an annexation and would prohibit a city from exercising any police jurisdiction outside the corporate limits where noncontiguous property has been annexed into the municipality. The new law also allows those cities with a police jurisdiction of 3 miles to reduce the jurisdiction to 1.5 miles by duly adopted ordinance. Signed into law May 10, 2016. Effective immediately.

#### **ABATEMENT OF COUNTY TAXES**

Act 2016-405 by Rep. Fincher and Sen. Brewbaker

This new act makes it clear that a municipality or municipal public industrial authority can only abate a county tax if there is a corresponding municipal tax that is abated as well and provides that any abatement granted by a municipality or municipal public industrial authority can only be in the same amount or percentage as the abatement of the corresponding municipal tax. Signed into law May 13, 2016. Effective immediately.

## **NEW LAWS IMPACTING COUNTIES**

#### **COUNTY ADMINISTRATION**

#### Act 2016-347 (HB 124 by Rep. Collins) - County Superintendent Offices

Current law requires that the county commission provide office space to the county superintendent at the county seat. This act provides that in counties with a population of 100,000 or more, local laws can be passed to provide for the superintendent's office to be located somewhere other than the county seat. The law takes effect on August 1, 2016.

#### Act 2016-18 (HB 174 by Rep. Faulkner) – Uniform Minimum Wage and Right to Work Act

This new law prohibits local governments from establishing a minimum wage or other benefits for employees of private employers. Counties did not have this authority prior to passage of this act, so this new law should have no real impact on county government. This law took effect on February 25, 2016.

## Act 2016-306 (HB 332 by Rep. Jones) – Abolishment of Common Law Marriage

This new law abolishes common law marriages in Alabama effective January 1, 2017. The state will still recognize common law marriages entered into before that date. Counties should take note of this change, as it could affect some county employees' family coverage health insurance plans. The law takes effect on January 1, 2017.

#### Act 2016-406 (SB 335 by Sen. Sanford) – Private Audit and Collecting Firms

This act makes several technical changes to the law authorizing counties and municipalities to contract with a private auditing and collecting firm for the administration of local tax collection and enforcement, including requiring that a copy of the contract with the municipality or county be provided at first contact with a taxpayer, requiring that a final assessment or forced collection action based upon an audit conducted by a private firm be signed by a public official or designated employee of the county or municipality, and requires a municipality or county that has opted-out of the Alabama Tax Tribunal to utilize an independent hearing or appeals officer not affiliated with the private firm to conduct any administrative hearings required. The act also requires training on customer relations and professional courtesy and the creation of a hotline for taxpayer complaints related to audits from private firms. This act takes effect on January 1, 2017.

#### Act 2016-398 (SB 366 by Sen. Albritton) – Garnishment of State Retirement Benefits

Current law exempts state retirement benefits from garnishment in most instances. This act would allow for garnishment of state retirement benefits for the collection of unpaid court costs and restitution under procedures set out in the new law. This act takes effect on August 1, 2016.

#### **CONSTITUTIONAL AMENDMENTS**

#### Act 2016-86 (HB 37 by Rep. Mooney) – Right to Work Constitutional Amendment

This Act proposes a constitutional amendment which, if approved by the voters at the general election in November, will provide that the right of persons to work in the state cannot be denied or abridged because of membership or non-membership in a labor union. The amendment would prohibit requiring participation in a union or paying dues to such an organization as a condition of employment but would also prohibit denying a person the right to participate in a union as a condition of employment.

## Act 2016-267 (HB 311 by Rep. Daniels) – Major 21st Century Manufacturing Zones

In 2013, the Legislature enacted legislation authorizing a county or municipality to establish a tax increment district within a Major 21st Century Manufacturing Zone, which was defined as any area of not less than 250 acres of real property within a municipality determined to be suitable for automotive or similar industrial facilities. This act proposes a constitutional amendment that, if ratified, would grant any municipality or county that has established a tax increment district within a Major 21st Century Manufacturing Zone the sole discretion to determine the consideration it will receive for the redevelopment, rehabilitation, or conservation of property disposed of for the benefit of a private interest without regard to constitutional provisions restricting or prohibiting the use of public property or monies for private interests. Questions have been raised regarding the ability to issue bonds for such a purpose. This proposed constitutional amendment would remove those concerns and also validate and confirm the Major 21st Century Manufacturing Zone Act enacted in 2013.

#### **ELECTIONS & VOTING RIGHTS**

## Act 2016-337 (HB 27 by Rep. McMillan) – Fair Ballot Commission

This Act amends the recently-enacted law creating a Fair Ballot Commission charged with providing the public with fair and accurate explanations of statewide ballot measures. It provides that comments developed by the Commission will be publicly accessible on the Secretary of State's website. The original law required this information to be posted on the Legislature's website. This change takes effect on August 1, 2016.

## Act 2016-311 (SB 73 by Sen. Holley) – Increase in Board of Registrars' Compensation

This act increases the compensation for members of the Board of Registrars from \$60 to \$80 per day. As with all compensation for registrars, the county commission will be required to pay this compensation and seek reimbursement from the state. This act also authorizes the county commission to allow a member of the county board of registrars who has served at least 16 years in that position to participate in any health insurance program provided by the county. This does not apply to any state health insurance program. This act takes effect on October 1, 2016.

#### Act 2016-387 (SB 186 by Sen. Coleman-Madison) – Restoration of Voting Rights

This act expedites the process for restoration of voting rights for a former convict who has paid all fines and restitution by requiring the Board of Pardons and Paroles to process an application for restoration of rights within 30 days and requiring the Board to approve the application within 14 days if all conditions are met. The act also requires each state or county correctional facility, prison, or jail to post materials notifying incarcerated individuals of the requirements and procedures for having one's voting rights restored. This act takes effect on August 1, 2016.

#### Act 2016-317 (SB 200 by Sen. McClendon) – Electronic Poll Books

This act authorizes the Secretary of State to implement a pilot project for using electronic poll books in lieu of printed voter lists. The consent of the county commission and judge of probate is required for participation in the project. The act sets out procedures to be implemented to ensure the accuracy and protection of data included in the electronic poll books. Counties will be contacted by the Office of the Secretary of State regarding participation in this program and should consult with the probate judge before making a decision. This act takes effect on August 1, 2016.

## **JAILS, PRISONS & YOUTH SERVICES**

## Act 2016-360 (HB 323 by Rep. Jim Hill) – Sentencing Juvenile Offenders in Capital Cases

This act provides that a person convicted of a non-homicide crime committed when under the age of 18 years or convicted of a capital offense committed when under the age of 18 years may be sentenced to a maximum sentence of life imprisonment, rather than life imprisonment without parole. This law took effect on May 11, 2016.

## Act 2016-363 (HB 335 by Rep. Jack D. Williams) - Interpreters in Juvenile Court

This law requires the appointment of an interpreter in juvenile and criminal proceedings where it is determined that a party to the proceedings is deaf or does not speak English. The costs of the interpreter shall be paid by the state, but the court may assess costs as appropriate to parties to the action. The law takes effect on August 1, 2016.

## Act 2016-418 (SB 268 by Sen. Ward) – Medicaid for Inmates

This act provides that an inmate in a public institution under the administrative control or responsibility of the Department of Corrections shall have his or her eligibility for Medicaid suspended, but not terminated, and if otherwise eligible for Medicaid benefits shall be eligible for temporary reinstatement of Medicaid eligibility for care received outside of a public institution as an inpatient in a medical institution for more than 24 hours. The law requires the Alabama Medicaid Agency to evaluate the administrative impact of expanding this act to inmates of public institutions under the control of counties or municipalities and report its findings to the Legislature by the fifth day of the 2017 Legislative Session. This act took effect on May 12, 2016 and shall be operative one year after its effective date.

## **ECONOMIC DEVELOPMENT**

#### Act 2016-389 (SB 208 by Sen. Orr) – Reporting Economic Tax Incentives

This act requires state agencies which administer economic tax incentives to prepare and submit an annual report to the Legislature regarding each economic tax incentive that the agency administers. The report shall include information related to whether the incentive has been successful in meeting its purposes, whether there has been a positive return on the investment with regard to state and local tax revenues from the business or industry granted the incentive, and what the economic results from the granting of the incentive have been. The agencies required to report may request necessary information from local agencies and officials needed to complete the report. Signed into law on May 12, 2016.

Act 2016-403 (HB 201 by Rep. Poole) – Payments or In-kind Awards related to Abatement of Taxes Current law provides that any payment, contribution, or other financial or in-kind award received from an entity whose taxes have been abated shall be divided between the governmental entities whose taxes were abated on a pro-rata basis, unless the party receiving the award can prove it is not related to the granting of any abatement. This act amends current law to allow any county or municipality whose taxes are subject to abatement to waive these requirements by resolution adopted by affirmative vote of a majority of its members. This act takes effect on August 1, 2016.
