

# BID SUBMITTAL FORM

## Debris Removal Services Bid – Region 2

Company Name: DRC Emergency Services, LLC

Address: 110 Veterans Blvd, Suite 515, Metairie, LA 70005

Bid Submitted by: Kristy Fuentes  
(Name of company representative)

Title: VP, Secretary, Treasurer e-mail address: Kfuentes@drcusa.com

Phone: 888-721-4372 Fax: 504-482-2852

| <b>BID PRICING</b><br><b>Alabama County Joint Bid Program</b><br><b>Disaster Debris Removal Bid for Region <u>2</u></b> |          |  |               |   |          |
|---|----------|--|---------------|---|----------|
| ITEM  | Est. QTY | DESCRIPTION  | UNITS         | UNIT PRICE  | AMOUNT   |
| 001.  |          | Removal and Disposal of Eligible Vegetative Debris at Debris management site (see note no. 1)                  |               |   |          |
|   | N/A      | Haul Range – 0 to 15 miles   | Cubic         | \$7.25  | \$7.25   |
|   | N/A      | Haul Range – 16 to 30 miles  | Yard          | \$7.95  | \$7.95   |
|   | N/A      | Haul Range – 31 to 60 miles  |               | \$7.95  | \$7.95   |
|   | N/A      | Haul Range – Greater than 60 miles   |               | \$7.95  | \$7.95   |
| 002.  |          | Removal and Disposal of Eligible Construction & Demolition (C&D) debris to approved Landfill (see note no. 1)  |               |   |          |
|   | N/A      | Haul Range – 0 to 15 miles   | Ton           | (Load and Haul) + (Tipping Fee)<br>\$53.70+\$25.00        | \$78.70  |

| 013. | N/A                             | Household Hazardous Waste (HHW)<br>HHW Removal and Disposal   | Per<br>Pound      | \$4.95  | \$4.95  |
| 014. | N/A                             | Waterway Debris Removal   | Per Cubic<br>Yard | \$44.75   | \$44.75<br>Land Based Operations  |
| 015. | N/A                             | Sand and Silt Removal   | Per Cubic<br>Yard | \$14.15   | \$14.15   |
| 016. | N/A                             | Vehicle Removal   | Each              | \$195.00  | \$195.00  |
| 017. | N/A                             | Vessel Removal (Land)   | Linear<br>Foot    | \$85.00   | \$85.00   |
| 018. | N/A                             | Vessel Removal (Marine)   | Linear<br>Foot    | \$150.00  | \$150.00  |
| 019. | N/A                             | Biowaste Removal  | Pound             | \$7.95  | \$7.95  |

Note No. 1: Haul distances shall be calculated using a straight line distance from the loading area to the nearest approved reduction site or landfill.

Note No. 2: Stump/tree diameter measured 2 feet up from ground line.

Note No. 3: Flush cutting is defined as level to the ground line.

Note No. 4: Tree diameter measured 4.5 feet up from ground line.

**Stump Conversion Table  
Diameter to Volume Capacity**

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.

46656 is used to convert inches to Cubic Yards and is a constant.

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

| Stump Diameter (inches) | Cubic Yards |
|-------------------------|-------------|
| 6                       | 0.3         |
| 7                       | 0.4         |
| 8                       | 0.5         |
| 9                       | 0.6         |
| 10                      | 0.7         |
| 11                      | 0.9         |
| 12                      | 1           |
| 13                      | 1.2         |
| 14                      | 1.4         |
| 15                      | 1.6         |
| 16                      | 1.8         |
| 17                      | 2.1         |
| 18                      | 2.3         |
| 19                      | 2.6         |
| 20                      | 2.9         |
| 21                      | 3.2         |
| 22                      | 3.5         |
| 23                      | 3.8         |
| 24                      | 4.1         |
| 25                      | 4.5         |
| 26                      | 4.8         |
| 27                      | 5.2         |
| 28                      | 5.6         |
| 29                      | 6           |
| 30                      | 6.5         |
| 31                      | 6.9         |

| 67                      | 32.2        |
| 68                      | 33.1        |
| 69                      | 34.1        |
| 70                      | 35.1        |
| 71                      | 36.1        |
| 72                      | 37.2        |
| 73                      | 38.2        |
| 74                      | 39.2        |
| 75                      | 40.3        |
| 76                      | 41.4        |
| 77                      | 42.5        |
| 78                      | 43.6        |
| 79                      | 44.7        |
| 80                      | 45.9        |
| 81                      | 47          |
| 82                      | 48.2        |
| 83                      | 49.4        |
| 84                      | 50.6        |

By initialing beside each item set out below and signing this Bid Submittal Form, the bidder affirms that he or she understands the bid pricing requirements acknowledges that each of the following was taken into account in determining the above-stated bid prices:

The removal, pickup and disposal of stumps will be paid on the cubic yard basis, regardless of size or whether or not the stumps require extraction by the contractor

Bidder's Initials

KE

Payment for the construction of the hazardous household waste containment area and for the removal and disposal of such waste shall be included in the unit price for hazardous household waste removal and disposal

KE

The bid price for waterway debris removal shall include the additional labor and equipment costs required to retrieve the debris from the waterway

KE

Payment for portable restroom facilities and payment for containment towers shall be included in the line items for Vegetative Debris Removal and Construction and Demolition Debris Removal

KE

Payment for the preparation and operation of all vegetative debris management sites shall be included in the unit price for removal and disposal of eligible vegetative debris

KE

Debris stockpiled at a debris reduction site prior to a "No Burn" order shall be paid at the unit price for open burning

KE

Removal and recycling of freon from appliances and disposal of white goods shall be paid at the unit price for freon recovery and recycling

KE

That the successful bidder will be responsible for all equipment rental and landfill and permit fees required for a project in any activating county in the region

KE

In addition to the above-stated bid prices, by initialing below and signing this Bid Submittal Form, the bidder acknowledges that he or she has attached documentation to demonstrate ability to meet each of the following project requirements:

Bidder's Initials

Ability to activate simultaneously in each county in the region

KE

Identify documentation attached Please See Qualifications

Ability to perform services as required by bid specifications

KE

Identify documentation attached Please See Qualifications

Ability to activate adequate and properly trained personnel to perform services in compliance with AEMA, FEMA, and FHWA guidelines to ensure reimbursement to the fullest extent possible, if reimbursement is available

KE

Identify documentation attached Please See Qualifications

Record of past performance on other debris removal services contracts in compliance

with AEMA, FEMA, and FHWA guidelines

Identify documentation attached Please see Qualifications

JA

Financial ability to perform services required in an activating county under the payment procedures set out in the bid specifications

Identify documentation attached Please see Qualifications

JA

Proof of general and professional liability insurance to cover any damages resulting from services provided by the successful bidder, including any denial of reimbursement due to the actions or inactions of the debris removal services contractor

Identify documentation attached Please see Sample insurance certificate

JA

Ability to secure a payment and performance bond upon receipt of a Notice to Proceed by any or all of the counties in a region

Identify documentation attached Please see Financial letters

JA

Ability to post a payment and performance bond at the time of execution of the contract as required in the bid specifications

Identify documentation attached Please see Financial letters

JA

**By initialing below and signing this Bid Submittal Form, the bidder also acknowledges and agrees to each of the follow:**

**Bidder's Initials**

That the bid submitted meets the bid specifications

JA

That, if determined to be the lowest responsible bidder, he or she will execute a contract with the awarding authority for this region on behalf of all counties in the region

JA

That the bid prices set out on this Bid Submittal Form will be honored for all counties in the region for the period from Nov. 1, 2018 to Oct. 31, 2019

JA

That the company will comply with all requirements and/or requests to confirm compliance with Title 2 U.S. Code of Federal Regulations, Part 200; AEMA, FEMA, and FHWA guidelines and regulations; and all applicable local, state and federal law.

JA

That the company has the capability to provide services to all counties in region simultaneously

JA

That the company listed above will respond to any Notice to Proceed within the time frame and under the procedures set out in the bid specifications

JA

That the bidder will provide all bonding in the amounts and at the times required in the bid specifications

JA

That the company will comply with the payment procedures set out in the bid specifications

JA

| 019. | N/A                             | Biowaste Removal  | Pound             | \$7.95  | \$7.95  |

Note No. 1: Haul distances shall be calculated using a straight line distance from the loading area to the nearest approved reduction site or landfill.

Note No. 2: Stump/tree diameter measured 2 feet up from ground line.

Note No. 3: Flush cutting is defined as level to the ground line.

Note No. 4: Tree diameter measured 4.5 feet up from ground line.

**Stump Conversion Table  
Diameter to Volume Capacity**

The quantification of the cubic yards of debris for each size of stump in the following table was derived from FEMA field studies conducted throughout the State of Florida during the debris removal operations following Hurricanes Charley, Frances, Ivan and Jeanne. The following formula is used to derive cubic yards:

$$\frac{[(\text{Stump Diameter}^2 \times 0.7854) \times \text{Stump Length}] + [(\text{Root ball Diameter}^2 \times 0.7854) \times \text{Root Ball Height}]}{46656}$$

0.7854 is one-fourth Pi and is a constant.

46656 is used to convert inches to Cubic Yards and is a constant.

The formula used to calculate the cubic yardage used the following factors, based upon findings in the field:

- Stump diameter measured two feet up from ground
- Stump diameter to root ball diameter ratio of 1:3.6
- Root ball height of 31"

| Stump Diameter (inches) | Cubic Yards |
|-------------------------|-------------|
| 6                       | 0.3         |
| 7                       | 0.4         |
| 8                       | 0.5         |
| 9                       | 0.6         |
| 10                      | 0.7         |
| 11                      | 0.9         |
| 12                      | 1           |
| 13                      | 1.2         |
| 14                      | 1.4         |
| 15                      | 1.6         |
| 16                      | 1.8         |
| 17                      | 2.1         |
| 18                      | 2.3         |
| 19                      | 2.6         |
| 20                      | 2.9         |
| 21                      | 3.2         |
| 22                      | 3.5         |
| 23                      | 3.8         |
| 24                      | 4.1         |
| 25                      | 4.5         |
| 26                      | 4.8         |

| 81                      | 47          |
| 82                      | 48.2        |
| 83                      | 49.4        |
| 84                      | 50.6        |

By initialing beside each item set out below and signing this Bid Submittal Form, the bidder affirms that he or she understands the bid pricing requirements acknowledges that each of the following was taken into account in determining the above-stated bid prices:

|  | Bidder's Initials |
|--|-------------------|
| The removal, pickup and disposal of stumps will be paid on the cubic yard basis, regardless of size or whether or not the stumps require extraction by the contractor  | <u>JA</u>         |
| Payment for the construction of the hazardous household waste containment area and for the removal and disposal of such waste shall be included in the unit price for hazardous household waste removal and disposal | <u>JA</u>         |
| The bid price for waterway debris removal shall include the additional labor and equipment costs required to retrieve the debris from the waterway   | <u>JA</u>         |
| Payment for portable restroom facilities and payment for containment towers shall be included in the line items for Vegetative Debris Removal and Construction and Demolition Debris Removal                         | <u>JA</u>         |
| Payment for the preparation and operation of all vegetative debris management sites shall be included in the unit price for removal and disposal of eligible vegetative debris                                       | <u>JA</u>         |
| Debris stockpiled at a debris reduction site prior to a "No Burn" order shall be paid at the unit price for open burning   | <u>JA</u>         |
| Removal and recycling of freon from appliances and disposal of white goods shall be paid at the unit price for freon recovery and recycling  | <u>JA</u>         |
| That the successful bidder will be responsible for all equipment rental and landfill and permit fees required for a project in any activating county in the region   | <u>JA</u>         |

-----  
In addition to the above-stated bid prices, by initialing below and signing this Bid Submittal Form, the bidder acknowledges that he or she has attached documentation to demonstrate ability to meet each of the following project requirements:

|  | Bidder's Initials |
|--|-------------------|
| Ability to activate simultaneously in each county in the region<br>Identify documentation attached <u>Please see Qualifications</u>  | <u>JA</u>         |
| Ability to perform services as required by bid specifications<br>Identify documentation attached <u>Please see Qualifications</u>  | <u>JA</u>         |
| Ability to activate adequate and properly trained personnel to perform services in compliance with AEMA, FEMA, and FHWA guidelines to ensure reimbursement to the fullest extent possible, if reimbursement is available<br>Identify documentation attached <u>Please see Qualifications</u> | <u>JA</u>         |
| Record of past performance on other debris removal services contracts in compliance  |                   |

with AEMA, FEMA, and FHWA guidelines

Identify documentation attached Please see Qualifications

JA

Financial ability to perform services required in an activating county under the payment procedures set out in the bid specifications

Identify documentation attached Please see Qualifications

JA

Proof of general and professional liability insurance to cover any damages resulting from services provided by the successful bidder, including any denial of reimbursement due to the actions or inactions of the debris removal services contractor

Identify documentation attached Please see Sample Insurance Certificate

JA

Ability to secure a payment and performance bond upon receipt of a Notice to Proceed by any or all of the counties in a region

Identify documentation attached Please see Financial Letters

JA

Ability to post a payment and performance bond at the time of execution of the contract as required in the bid specifications

Identify documentation attached Please see Financial Letters

JA

-----  
**By initialing below and signing this Bid Submittal Form, the bidder also acknowledges and agrees to each of the follow:**

**Bidder's Initials**

That the bid submitted meets the bid specifications

JA

That, if determined to be the lowest responsible bidder, he or she will execute a contract with the awarding authority for this region on behalf of all counties in the region

JA

That the bid prices set out on this Bid Submittal Form will be honored for all counties in the region for the period from Nov. 1, 2018 to Oct. 31, 2019

JA

That the company will comply with all requirements and/or requests to confirm compliance with Title 2 U.S. Code of Federal Regulations, Part 200; AEMA, FEMA, and FHWA guidelines and regulations; and all applicable local, state and federal law.

JA

That the company has the capability to provide services to all counties in region simultaneously

JA

That the company listed above will respond to any Notice to Proceed within the time frame and under the procedures set out in the bid specifications

JA

That the bidder will provide all bonding in the amounts and at the times required in the bid specifications

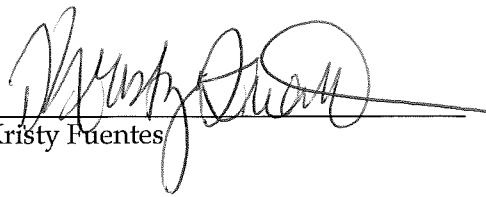

JA

That the company will comply with the payment procedures set out in the bid specifications

JA
