

Association of County Commissions of Alabama Partner Program

Support Alabama county public policy initiatives by joining the ACCA Partner Program

The Association of County Commissions of Alabama represents Alabama's 67 counties and their elected officials and employees. The Partner Program is your opportunity to support Alabama county public policy initiatives and improve the lives of individuals in each of Alabama's 67 counties. Proceeds from the ACCA Partner Program benefit the ACCA's political action committee (PAC), Alabama Commissioners United, which supports candidates with political vision that mirror the foundation principles outlined in the Alabama County Platform.

As an ACCA Partner, your organization will have a strong presence at the Association's many events throughout the year. You will have increased opportunities to network with local officials from across the state and position your company, services, and products. Our Partner Program helps counties identify businesses that support county government in Alabama through direct participation in Association programs and events.

We invite you to participate in our Partner Program and create flourishing relationships with Alabama county leaders.

**Partner participation does not constitute an ACCA endorsement but does serve as an acknowledgement of the Partner's support of county government in Alabama.*
