Addendum re: Certificates of Exemption

Act 2021-372 allows a Certificate of Exemption to be awarded for the purchase of building materials, construction materials and supplies, and other tangible personal property that becomes part of the structure that is the subject of a written contract for the construction of a highway, road, or bridge project entered into on or after January 1, 2022.

An application with instructions for the Sales and Use Tax Certificate of Exemption can be accessed [here](#), or you may apply online by logging into your My Alabama Taxes account. When applying via your My Alabama Taxes account, click on the “Other Actions” tab and locate the “Apply for a Certificate of Exemption for a Government Entity Project” link. (The application process is the same for general contractors and subcontractors). Certificates of Exemption will be issued first to the county, second to the general contractor and third to the subcontractor.

Engineers are encouraged to include a statement in their Bid Announcement, Annual In Place Bid and Project Specific Contract documents specifying which projects, if any, will be eligible for the Certificate of Exemption. For your reference, the following are suggested statements of declaration:

If the bid is for an Annual In Place Contract, and the project will be eligible for the Certificate of Exemption, the following language is suggested:

This project will be eligible for a Certificate of Exemption as provided by Act 2021-372. Once a proceed order is issued, the contractor shall have 5 days to submit the Form ST-EXC 1 to the County.

If the bid is for a Project Specific Contract, and the project will be eligible for the Certificate of Exemption, the following language is suggested:

This project will be eligible for a Certificate of Exemption as provided by Act 2021-372. Once the low bidder is determined, the County will request a copy of the Form ST-EXC 1 prior to the award of the bid to the lowest responsible bidder. The contractor shall provide the County with the Form ST-EXC 1 within 48 hours of the County's request.

SUMMARY OF PROCEDURES

Rebuild Alabama Act Summary of Bid Procedures

Two funds were created by counties in 2019 to account for new Rebuild Alabama revenues. The 25% portion of the new fuel tax levies under Rebuild Alabama shall be deposited into a new and separate fund called the **County Rebuild Alabama Fund (CRAF), fund number 220**. The federal exchange funds set out in the Rebuild Alabama Act that began Oct 1, 2019, shall be deposited into a new and separate account called the **Federal Aid Exchange Fund (FAEF), fund number 221**.

Pursuant to Act 2021-146, the established bidding procedures submitted by the Association of County Engineer of Alabama (ACEA) and approved by the Department of Examiners of Public Accounts (Examiners), may be used for any county road and bridge project otherwise subject to Chapter 2 of Title 39.

With counties required under the Rebuild Alabama Act to ensure that at least fifty percent (50%) of the **County Rebuild Alabama Funds (CRAFs)** be allocated for projects utilizing established bidding procedures submitted by the Association of County Engineers of Alabama (ACEA) and approved by the Department of Examiners of Public Accounts (Examiners), the ACEA proposes the following apply to the bidding of CRAFs, FAEFs and county road and bridge projects:

- Except as specifically provided in these procedures, all contracts paid for using public funds will comply with the Public Works Law (*Code of Alabama 1975, Title 39*) and the Competitive Bid Law (41-16-50), where applicable.
- The placement of the advertisement for bids and notice of completion on a central website, hosted by the Association of County Commissions of Alabama (ACCA), will satisfy all advertisement requirements for county road and bridge projects utilizing public funds.
- County road and bridge projects will be bid and let to contract according to the schedule and will utilize the sample documents included in this submittal.
- The ACCA will provide notice to ALDOT and the Alabama Roadbuilders Association of this method of advertising and of the sample documents to be used, in an effort to inform all contractors.
- County required reports will be on file for the Examiners to aid in the assurance on the proper expenditure of the funds. Reports will be retained in accordance with the County Record Disposition Authority.

The Owner will decide when the specified time has arrived, and no bid will be considered if received thereafter, except that when a bid arrives by mail after time for opening, but before award is made, and it is shown to the satisfaction of the Owner that the non-arrival on time was due solely to delay in the mails for which the bidder was not responsible, such bid may be received and considered. No responsibility will attach to _____ County or the County Commission for the premature opening of a bid not properly addressed or identified. Unless specifically authorized, telegraphic bids will not be considered, but modifications by telegraph of bids already submitted will be considered if received prior to the hour set for opening.

18. CONTRACT AND BOND:

The bidder to whom award is made must, when requested, enter into written contract on the standard form as set out herein, with satisfactory security in the amount required, within the period specified, or, if no period be specified, within 15 days after the required forms are presented to him for signature.

(a) Limitations. The Contractor shall not sublet, assign, transfer, convey, sell, or otherwise dispose of any portion of the contract, his right, title or interest therein, or his power to execute such contract, to any person, firm or corporation without written consent of the County, and such written consent shall not be construed to relieve the Contractor of any responsibility for the fulfillment of the contract.
